

CODE Conversation

Lessons Learned during a Pandemic

CODE is pleased to invite all Ontario senior leaders to participate in *CODE Conversations* with respected education leaders.

You are invited to join us online for our first conversation of 2021-2022, a one-hour session with John Malloy - *Lessons Learned during a Pandemic*. Times of crisis can sometimes teach us lessons that can inform our leadership in many ways. Keeping our strategic focus while navigating storms is a challenging task but is required for system leaders. The last 18 months have posed dilemmas that have never emerged before. These challenges have also compelled leaders to learn and improve.

John will share important lessons that he has learned over this last while and some of the guiding principles he has held onto in order to lead with focus throughout the pandemic. There will be opportunities for questions as well.
