Every day, staff members in its 584 schools across the city are privileged to serve students and families of communities as richly diverse and inspiring as any in the world. When it comes to helping schools create the learning conditions—the equitable, inclusive cultures and welcoming environments—that are critical to the achievement and well-being of all students, the role played by the Board's Finance Department is critical in allocating resources in the best interests of all students. This is where you can have a visible impact as Executive Officer of Finance.

As Executive Officer of Finance in this crucial mandate, you will lead the financial management of TDSB to ensure that the Board's resources are used efficiently and effectively to advance the directions enunciated in the *Vision for Learning*. In particular, you will be called upon to understand, and advocate for, the use of resources in the spirit of the Board's equity framework.

TDSB is seeking an experienced financial leader with demonstrated strategic business skills in a large, complex organization; someone who is accustomed to working in an environment of high accountability and public visibility, and works well with elected officials, Board committees, as well as municipal and provincial government officials. As the successful candidate, you will bring to the table a collegial and collaborative leadership style, a service-oriented approach, and the commitment and ability to be a strong steward of the Board's financial resources.
