

# ALCDSB - Artificial Intelligence (AI) GUIDING PRINCIPLES

*"The urgent need to orient the concept and use of artificial intelligence in a responsible way, so that it may be at the service of humanity and the protection of our common home, requires that ethical reflection be extended to the sphere of education." - Pope Francis (Fung, 2023)*

## CHAMPION EQUITABLE USE

Foster the ethical and thoughtful use of AI through the lens of Gospel values. Empower staff and students to use AI to deepen critical thinking, champion equity, celebrate diversity, and prioritize culturally responsive teaching and learning.

## INSPIRE INNOVATIVE TEACHING AND LEARNING

Leverage AI to spark creativity, critical thinking, and curiosity. Create inspiring educational environments that integrate AI into effective teaching, assessment, and learning to support student achievement and well-being.

## CULTIVATE ETHICAL DIGITAL CITIZENSHIP

Prioritize digital citizenship as a system that values trust, transparency and accountability. Critically evaluate the biases and ethical implications of AI through the lens of Gospel values.

## SAFEGUARD PRIVACY AND PERSONAL DATA

Choose approved AI tools that prioritize security and privacy; protect personal information to ensure a safe and secure learning environment.
